Need Help Starting or Developing a Class or Program?

Attention: Faculty, Dean, College President

1 Is your college already in one of these regions?

- San Francisco Bay Area
- Inland Empire, Desert Region
- LA/Orange County Region
- San Diego/Imperial Region

2 If so, contact the DSN in your region directly.

To find out what programs they have to offer.

3 If you are **NOT** in one of these regions, download an EOT (Educational Opportunity Template) from the ATRE website – www.atreeducation.org. (This document is available on the homepage and throughout the site.)

4 Start preparing for this new opportunity. We'll help you create a pathway to work with industry through your region. By completing the EOT checklist template, you will identify your champions, identify your funding, get stakeholder buy in, and be fully prepared to take this forward to your Regional Chair for consideration.

5 Finally, contact Peter Davis, Statewide Sector Navigator for more information. If you see a connection with your ATRE goals and manufacturing, agriculture, water, international trade, health, small business, biotech, or information technology – we can also help. I'll help you open a dialog with your Regional Chair, deans or industry agencies to complete the circuit!
